

CUSTOMER INFORMATION, CONSENT, AND RECEIPT

Date: _____

Client's Name: First _____ Last _____

Email Address: _____

Expectations:

People with healthy teeth and gums but who have stains or a yellowish tint seems to get the best results. You will not experience any heat or discomfort. On some occasions, you may feel a little tingling or perhaps a slight sensitivity. Teeth and/or gums may be sensitive for a short time after treatment. You may see temporary bleaching to the gums but this is a normal and will disappear, usually in less than a day. Your teeth will never be whiter than your genetic traits. All teeth bleach differently. Possible white spots or demineralization may appear on patients who have had braes or who have porous enamel, but this will disappear in 24 hours. Absolute Advertising, Inc. / Absolute White will not whiten or damage veneers, crowns, or false teeth.

Exclusions for Treatment: Please answer the following:

____ Yes ____ No Are pregnant, breast feeding.
____ Yes ____ No Under the age of 16.
____ Yes ____ No Have you had oral surgery or extraction within the last 28 days.

Aftercare and the Followup:

For a minimum of 24 hours after the process, please avoid consuming coffee, tea , dark colored soda, red wine, curry, beetroot and any other food or drink that would stain the teeth. A good rule of thumb is that if it would stain a white shirt it could stain your teeth. If your teeth are sensitive you can use Sensodyne Toothpaste for immediate relief. Of course, we suggest that you brush and floss as directed by your dentist. There is no guarantee as to the longevity of results therefore we recommend daily maintenance with our take home kit.
